

INTRODUCING
A SMART WAY TO KEEP
YOUR **CLOTHES CLEAN...**

The **Eco-friendly** Detergent Strips

Estrip introduces you a smart and eco-friendly way to wash clothes, **Estrips!**

Every item in today's time is inculcating some **Eco-Friendly** material in it.

Washing clothes is a daily task for almost all of us. With the increase in technology many new kind of detergent powders have been introduced in the market. Regardless of how powerful they are in cloth washing, the criteria of measuring the powder remains the same. It is often confusing when we choose which detergent will be the best for our clothes.

Let us have a glimpse of its key features before going into further details!

- Completely Bio-Degradable and Zero-waste packaging technology used
- The strip can be used in both Hot and Cold water
- Simply add the strip into your machine and WWOOSSHHHHH!

All your clothes will be done. Works in all kind of machines including HE.

POWERFUL PLANT-BASED LAUNDRY DETERGENT STRIPS FROM **Estrip**

What is an Estrip?

You might be wondering how a strip can replace a powerful detergent powder. Well, then you do not know about the power of Estrips yet.

An Estrip is a simple strip which can be used for washing clothes like you use other detergent powders. All you have to do is take the strip out of the packet and drop it in your washing machine. It might sound amazing and a bit confusing right? Don't worry, we will tell you all about The Estrip until you see its magic yourself.

Cleaning

Why an Estrip over some ordinary detergent powder?

Now when it comes to using an Estrip the biggest advantage is that you don't have to measure! Unlike other detergent powders, liquids or gels an Estrip is designed in such a way that you do not need to measure anything before washing clothes. Estrip is simpler to use as it is pre-measured for 1 complete load. A lot of effort can be reduced on your part.

An Estrip dissolves quickly in both hot & cold water and rinses away all the dirt quickly. You will love using these strips for all kinds of clothes whether they are baby clothes, jeans or your delicate tops.

Another great advantage of Estrips is that they are bio-degradable and eco-friendly. Now when you choose any detergent the one thing you surely consider is that it doesn't fade away your clothes. This happens because most of the detergent powders have paraben and sulfate in them. But our Estrips are entirely made up of plant-based ingredients that are hypoallergenic, gentler on your skin and keeps your clothes new than ever before.

Know more about the magic Estrips.

TRAVEL FRIENDLY SIZE

The Estrips are a best option when you are traveling, as they will occupy less space in your bag and are easy to use.

MESS-FREE

Detergents are a mess and we all know that. Unlike detergent powder which spills everywhere, Estrips can be directly thrown into the drum and your work is done.

PURE AND NATURAL

Estrips are vegan friendly and free of chemicals like Paraben, Sulfate and Phosphates. Neither will it act harshly on your hands as it doesn't contain any chlorine or dyes.

Coconut oil, Alcohol, natural vegetable oil, coconut oil extract, de-ionized water and fragrance are what make our Estrips so perfect and easy to use.

An Eco-friendly and natural base for your clothes which removes even the toughest stains! Supports All Washing Machines. These Estrips not only work in standard washers but also in HE washing machines. Leaving no residue behind, these strips can even be used in small portions as they are long lasting than other detergent powders.

Machine & Bucket Friendly

100% VEGAN

The EcoAble Estrips are very gentle on Mother Nature and are blended with non-toxic materials.

LIGHT AND FRESH SCENT

Our EcoAble Estrips offer a refreshing smell to your clothes which will last long even after they've been hung up.

MAKES HAND WASHING GENTLE

Are you afraid to wash your clothes with hand because your detergent is too harsh? Estrips use plant based natural ingredients which promotes safe and easy hand-washing of re-usable diapers!

**Hot & Cold Water
Dissolves Completely**

How do you use **laundry detergent sheets**?

Our Estrips are so simple to use that your washing process will finish in no time!

No spilling and measuring, simply follow the 4 given steps -

Sounds easy and simple right?
